Evacuation Plan

- Study Maps and Plan Route
- Purchase or Print Paper Maps - Don't rely on Electronic Maps in an Emergency (Phone & Web service may be out)
- Have Supplies ready for Travel
- Ready your Pets for Travel too!
- Review Plan with Family & Friends
- Full tank for Vehicles

Be Smart, Be Ready!

1. Plan Ahead

- Make a list of needed supplies.
- Check Insurance Policies & Update if necessary
- Make a list of Important Papers & Documents
- Plan Escape Route in case evacuation is necessary
- Update Emergency Contact Phone numbers
- Review Plan with Family

2. Stay Informed

- Watch Local TV Weather forecasts
- Purchase Weather Radio
- Monitor Weather Web Sites
- Monitor Weather Apps on Phone & Tablets
- Contact Family & Friends as Storm Develops

3. Prep your Home

- Board your Windows or at least use Tape to minimize shattered glass
- Consider using Sand Bags to protect against flooding
- Know how to shut off Utilities for Emergencies
- Consider Purchasing Home Generator for Power Outages

4. Gather Supplies

- Food & Water for 3 Days on Average
- Sanitary Supplies (Toilet Paper, Paper Towels, Soap, Hand Sanitizer)
- First Aid Kit
- Batteries
- Flashlights, Candles, Matches, Etc.
- Blankets, Change of Clothing, Sturdy Shoes, Work Gloves
- Basic Tools (Hammer, Shovel, Pry bar, Screw Drivers, etc.)

5. Be Ready to Evacuate

- Have a full tank for Vehicles
- Have Supplies ready to travel
- Have Pets & Pet Supplies ready if necessary
- Monitor Forecasts for Evacuation Orders & Instructions
